

The 2025 PSPS Annual Meeting: The Algorithm to Success

September 18-20, 2025

**The Venetian
Las Vegas, NV**

Dear PSPS 2025 Participants,

Welcome to the 6th PSPS Annual Meeting at the beautiful Venetian in Las Vegas, Nevada. With an increasing number of options in your care for your patients, our algorithms for success in patient care can become challenging. In fact, most of us refuse to change our practice simply because of the burden. Our goal for this year is to help you with your algorithms for success by providing the nation's best educational program and networking experience.

Our value to you is that this society is like no other. It brings together spine surgeons and pain physicians, APPs, and those in training to discuss challenging topics to push the boundaries of patient care.

Enjoy your time with us-
